Starting a new orbit around the Sun 🌞 today, by saluting him 108 times 🙏

💡 Planning to continue working in AI Advisory gigs on weekdays, and 1:1s, talks, LetsAI Series on weekends 🤖

💡 Planning to continue contributing to my open-source GitHub repositories:
➡️ TeachingDataScience (https://lnkd.in/fxr938h) - A repository for LaTeX course notes on Python, Machine Learning, Deep Learning, Natural Language Processing, and more. #teaching #datascience
➡️ MidcurveNN (https://lnkd.in/fpsNT2P) - My personal research on computing the midcurve of thin polygons using neural networks. #research #geometry #neuralnetworks
➡️ Sarvadnya (https://lnkd.in/ddCSQy7s) - A collection of proof-of-concepts for interfacing custom data using large language models. #llm #chatbots #poc
➡️ Bharat Vidya (https://lnkd.in/dmZw_N5V) - Course material for the Indian Knowledge System. #bharatvidya #indianculture #education

💡 Planning to continue writing articles in the newspapers and blogs at Medium at https://lnkd.in/d8SVk752 📝

💡 Planning to continue not being on WhatsApp, Twitter (X), Facebook, Instagram, etc. etc. 🚫 😉

Any suggestions? 🤔
