📢 Wish to announce publication of my first book!

It's a compilation of my articles on 'Artificial Intelligence', written in Marathi (my mother tongue), originally published across various platforms and forums.

Here's a quick overview of the content:

📌 Intro to AI/ML – from articles published in 'MaTa' and on LinkedIn

📌 Applications of AI across domains – from my 'Tisara Mendu' column in Sakal

📌 AI, Tech and us– from my writings in 'Bhashya' and 'Vidnyanvarta' columns in Sakal

📌 New & exclusive – A fresh piece written just for this book on how to ramp up in AI

Most of these articles are also available for free on my Medium publication called 'Desi Stack'.

If you'd like to read them in book form, you can grab a copy via Amazon, Notion Press, and more (📌 links in the comments!). ISBN-13 : 979-8899613739, Just FYI.
