Wish to share today's article from my weekly column "तिसरा मेंदू" (Third Brain) titled "उथळ पाण्याला खळखळाट फार (Empty vessels make the most noise)" which has been published in the Marathi newspaper, Sakal! (pic below)

In this article, I go deeper into the applicability of Mental Model "The Dunning-Kruger Effect" in various situations

I'm thankful to [Sakal Media Group](#) for providing a platform to share these important insights with our local community.

Any comments? I'd love to hear your thoughts!
