If you've recently been laid off or furloughed due to the current COVID-19 situation and we've worked together in the past, don't hesitate to get in touch and let me know how I can help you.

- Can I put you in touch with a contact of mine?
- See if there are any suitable positions in the company I am working now (or in the past), I can refer.
- Message me if you need any suggestions in upgrading/moving yourself, especially in the Data Science field.

I copied this post from a connection (tailored it a bit), and I encourage others to copy it from me.

We are a community and I'm happy to do my part to support in any way I can.
