Promoting Tech in India and in Indian languages...

Do you wish to write about some of the phenomenal technologies developed in India, for India and by Indians?

Here is the platform to do so: 'Desi Stack' publication at Medium <https://lnkd.in/dejYd2Tp>

Also, if you write about technology in Indian languages and would like to have it promoted in a wider audience, look no farther, that's again, 'Desi Stack'.

If interested in contributing, write so in the comments section below, along with topics you have in mind.

Some published stories so far are:

- ◆ What is this, 'UPI'? <https://lnkd.in/dTzrBArt> going global now
- ◆ Unified Health Interface

(UHI) <https://lnkd.in/dSRR2TtT> by PRACHI SAMARTH

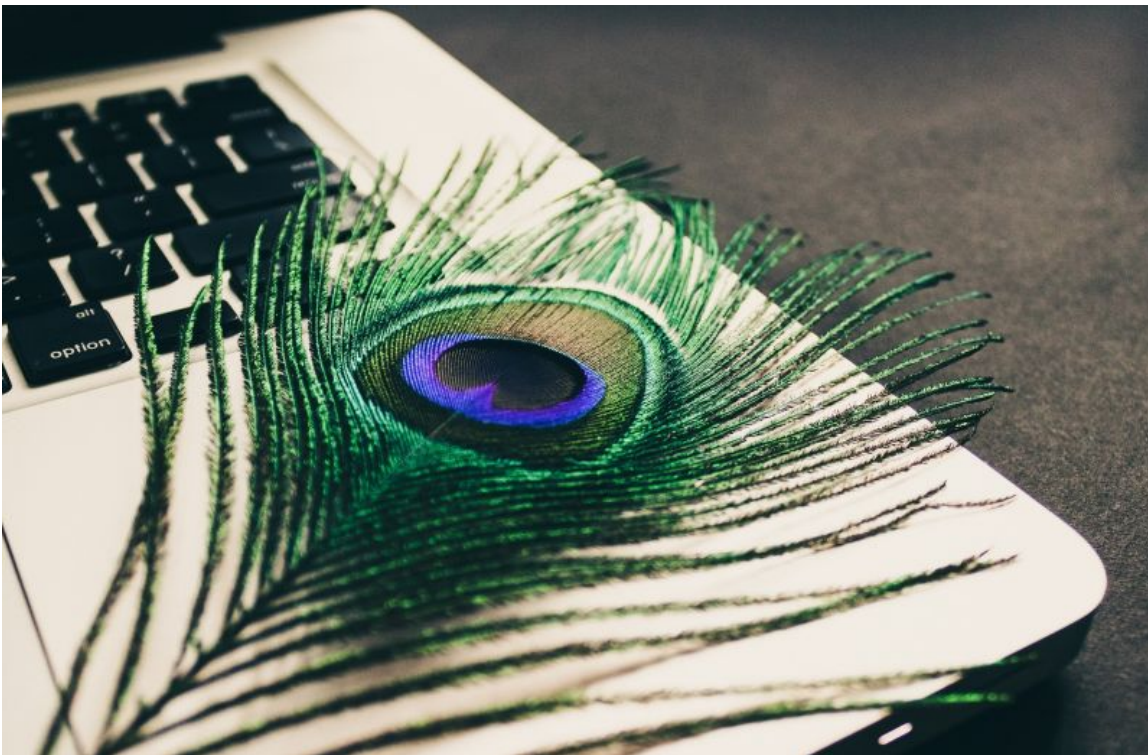

- ◆ Power of Prompts <https://lnkd.in/d8ArFPEP> in Marathi
- ◆ What is Machine Learning <https://lnkd.in/dDYYucdn> in Marathi
- ◆ What is Artificial Intelligence <https://lnkd.in/dgp7QWeK> in Hindi

By the way, all this is free and open to all.

In addition, I have become 3x writer on Medium now and an editor for a few publications, so if you are interested in reading

my other articles, feel free to follow me
