Some time ago, I had the pleasure of speaking to a Brazilian delegation visiting India to explore cutting-edge technologies. My session focused on AI (Artificial Intelligence) and Generative AI.

A heartfelt thank you to [Rujuta Jagtap](#) for making this possible, and to the incredible Brazilian delegation for the engaging exchange. Some of the folks included:

- [Denise Fernandes da Cruz](#), CEO of [Grupo Txai](#)
- [Tadany Cargnin dos Santos](#), executive, poet, writer, and mentor
- [Eduardo Sakaue](#), Head of Technology at [Grupo Txai](#)

A first for me, the session was translated live from English to Portuguese, which made the dialogue even more meaningful. Big thanks to [Pradeep Tawade](#) for the smooth and seamless translation.

Great to see international collaborations fostering innovation and cross-cultural learning!
