🚀 Wish to let you know about my latest blog post, summarizing Rajiv Malhotra's insightful TEDx talk on "Artificial Intelligence and the Future of Power." 🌐

It explores how AI is reshaping our world across 5 critical battlegrounds:

- ➡️ Economy & Jobs: AI-driven automation is transforming industries, creating new opportunities and displacing traditional jobs. 🌐
- ➡️ Geopolitics & Military: The AI arms race between superpowers like the USA and China poses new global security risks. 🛡️
- ➡️ Moronization of the Masses: Social media algorithms are dumbing down society, undermining critical thinking. 🤖
- ➡️ Loss of Selfhood: Dependency on AI is altering human behavior and identity, threatening personal autonomy. 🧠
- ➡️ Indian Rashtra: India faces unique challenges and opportunities in harnessing AI for equitable growth. IN
