In just a couple of days since its launch, the 'Pune AI Community (PAIC)' has crossed the 1000-follower mark! 🎉 A big thank you to everyone who's joined, followed and supported.

Wish to announce that PAIC is now open for collaborations with any AI-related events or activities, whether online or offline (happening in or around Pune). The format doesn't matter; it could be a workshop, seminar, hackathon, or panel discussion. It can be paid or free. The only condition: it must be a public event, open to all.

Here's what this collaboration means:

- PAIC will help spread the word about your event through its LinkedIn page and social media handles.
- In return, event organizers will display the PAIC logo on their social media posts, banners, or promotional materials.
- This partnership is entirely voluntary and non-monetary, no payments either way.

If you're organizing something exciting in the AI space, let's team up! Reach out to me here or email me at [yogeshkulkarni at yahoo dot com](mailto:yogeshkulkarni@yahoo.com).

Also, feel free to spread the word about this community among your colleagues, students, and WhatsApp or other groups. Quick links to follow are:
