## Almanack-GPT

I am a fan of Naval Ravikant. He is an entrepreneur and modern-day-philosopher. Eric Jorgenson has compiled wealth of knowledge from Naval, across numerous tweets, into a lovely book called 'Almanack of Naval Ravikant'.

The contents of the book are fully-and-freely available at <https://lnkd.in/dgeAF2eG>

Made a toy chatbot-web-app using OpenAI GPT (Generative Pretrained Transformer) API (Application Programming Interface) to answer queries from the contents of the Almanack.

It demonstrates ability/possibility to fine-tune GPT on custom (ie your own) data. Below is a sneak preview ...

#chatgpt #gpt #almanack #chatbot #streamlit #langchain  
#artificialintelligence #navalravikant

Note: This app was developed by referring to Langchain tutorial at <https://lnkd.in/dHkVzNw7>
