Just realized that I have touched the 200 stories/blogs/articles mark at [Medium](#) today! 🎉📄

It's been a journey of over 2 years, writing mostly about technology, especially Artificial Intelligence and Machine Learning.

But that's not all. I've also shared:

- 📖 Book and video summaries
- 💡 Sketchnotes on tech topics
- 🖋️ My articles featured in newspapers
- 💡 My own ideas and reflections

Some of these stories have reached thousands of readers. Btw, many are available to read for free. The rest can be accessed through a [#Medium](#) membership.

Along the way, I've been fortunate to contribute to over a dozen publications, mostly as a writer, sometimes as an editor, and even as an owner of one, "Desi Stack".

Grateful for all the support so far 🙏

If you haven't already, feel free to follow me on Medium: @yogeshharibhaukulkarni
