Was part of the panel discussion on topic "Building Research Leadership in the Organisation" at IRISS 2020 - IIT Gandhinagar, held yesterday.
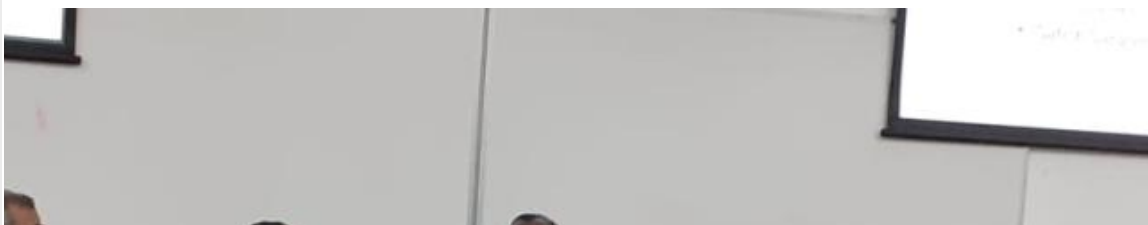

Panelists were:
- **Manish Gupta** (Moderator, **Google** Research India)
- **R (Venki) Venkateswaran** (**Persistent Systems**)
- **Yogesh Kulkarni** (**Icertis**)
- **Lipika Dey** (**Tata Consultancy Services** Research)
- Nirmal Jha (**Indian Institute of Technology Gandhinagar** Research Park)
- Satish Sangameswaran (**Microsoft** Research India)

Talked on research-applications at Icertis and also answered queries from PhD research scholars on how products are developed, idea behind their origination, etc. Many of the participants were/are into deep learning, NLP apart from systems research, databases, etc.

Could meet and talk to senior folks from academia and industry. Will be hearing **Yann LeCun** today, as part of the **ACM, Association for Computing Machinery** Annual Event.

Thanks to **Monish Darda**, **Manisha Khadge** and **Hemant Pande** for the opportunity and support.
