Completed one more orbit around the Sun 🌞

On this occasion, planning to continue one of my efforts of giving back to society that I have been doing for the last 5 years.

Keeping aside dedicated time, say 2pm to 5pm India time zone, every Saturday to discuss AI related queries you may have. 🍋

Queries could be technical, on topics such as Generative AI, Machine Learning, Deep Learning, Natural Language Processing, Geometric Modeling, and their intersection with other domains. They can be non technical as well, such as mid career transition, careers in Data Science, and similar themes.

If you wish to set up such a discussion, please send an email to yogeshkulkarni at yahoo dot com specifying possible dates and possible half hour time slots. I will revert with a meeting invite. 📅

Needless to say, this effort is personal, voluntary, and non commercial. Free and open to all. 🌐

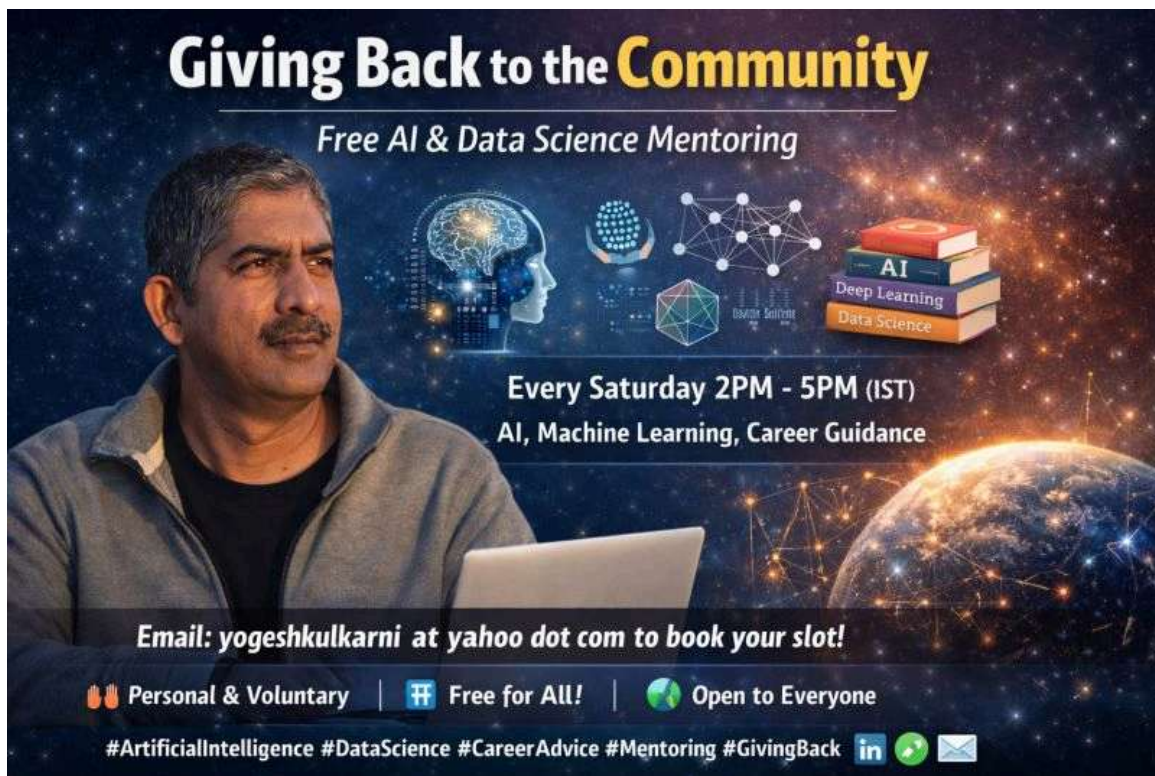

Comment below if interested or tag whoever would benefit.

In return, I do not expect anything except you keeping me posted about your progress and spreading the word in your network by:

- Reposting this post
- Following PAIC page <https://lnkd.in/dirwkWWx>
- Forwarding my profile link <https://lnkd.in/dm5wDbqU> in your social media WhatsApp groups, email lists, Facebook, etc. 🚀
